

Dear Parents,

The year has flown so quickly, its almost time to start making decorations.

How To Rearrange your space for the perfect Vere backdrop.

Use a board behind your desk or even hang an old framed picture that you do not like anymore that you can paint on!

Paint with chalkboard paint, hang your decorations!

You can also make a washing line with string to hang your decor in front of your blackboard!

Change your drawings and make learning fun!

Enjoy cutting out the decorations! You can also make your own designs!

We look forward to the festive season.

Regards,  
Michelle Clarence
